Outdoor Dining On Public Sidewalks Standards and Procedures

Sidewalk Dining Permit

January 2014

Section 1: Purpose & Background

1.1 Purpose.

These guidelines provide standards for the use of public sidewalk space within the Henderson Central Business District or in Riverfront Zone RF-2, hereinafter collectively referred to as “Permitted Districts,” in order to maintain a quality appearance in keeping with the Permitted Districts’ character.

The City of Henderson permits outdoor dining within the Permitted Districts only, through an administrative permitting process authorized by Chapter 20 (section 20-9) of the City of Henderson Code of Ordinances. The Applicant must obtain right-of-way encroachment approval from the City Manager to ensure compliance with the adopted ordinance and other applicable sign and zoning regulations. This document contains the guidelines of furniture and fixtures considered acceptable within the character of the Permitted Districts.

Central to the process of permitting outdoor dining within the Permitted Districts is the necessity of ensuring that furniture and other items placed along the street will complement the overall character of the district and not detract from the Permitted Districts’ character and integrity. These Design Guidelines provide standards for the use of outdoor dining areas in order to enhance the historic character, visual quality, and pedestrian safety of the area.

These guidelines apply to all outdoor dining areas that receive City approval through powers granted by the Henderson Code of Ordinances. Failure to comply with these guidelines constitutes a violation of this ordinance and may revoke the right-of-way encroachment permit.

1.2 Background.

Outdoor dining gives restaurant patrons an amenity that has become an increasingly popular feature. The City of Henderson is pleased to offer restaurants within the Permitted Districts only, the option of utilizing the public sidewalk space as outdoor dining areas.

While the City has encouraged the use of public sidewalk space, restaurant operators must be mindful of two important considerations: (1) the safety and flow of pedestrian traffic; and (2) the visual appropriateness within the Permitted Districts. These Design Guidelines are intended to ensure that restaurant operators use the public sidewalk space in a way that is safe for pedestrians and appropriate for the Permitted Districts.

Section 2: Application Procedure and Submittal Requirements

2.1 Application Procedure.

Outdoor dining is permitted only within the Permitted Districts through a design review and approval process authorized by Chapter 20 (section 20-9) of the City of Henderson Code of Ordinances and Zoning regulations. This process saves time and expense by pre-establishing standards that must be followed for all outdoor dining set-ups.

For forms, information or questions, you may contact the City Manager's Executive Assistant in the City's Administration Department by phone at (270) 831-1290, extension 2202, by email at citymanager@cityofhendersonky.org, in person on the third floor of the Henderson Municipal Center located at 222 First Street, Henderson, or by visiting the City's website at www.cityofhendersonky.org.

2.2 Submittal Requirements. To apply, a restaurant operator needs to submit the following:

2.2.1 Right-of-Way Encroachment Permit Application: An application form providing owner/operator and property information and detailed project description;

2.2.2 Site Plan: A plan, drawn to scale, showing the proposed outdoor dining area with measurements, including a representation showing that at least four (4) feet of unobstructed sidewalk space adjacent to the pavers or back of curve;

2.2.3 Photos or Drawings of Furniture: Photos or other graphic representation, including color and material, of furniture and umbrellas;

2.2.4 Insurance: Certificate(s) of insurance in the amount required by the right-of-way encroachment permit application; and

2.2.5 Approval to serve alcohol pursuant to Section 4, if applicable.

Section 3: Elements of a Quality Outdoor Seating Area

3.1 Barriers. Dining area barriers (fences, gates, ropes, etc.) shall not be permitted, unless otherwise required by the City of Henderson.

3.2. Planters. Planters may be used to provide added visual interest and create a more attractive and welcoming atmosphere. Planters and the plants contained within them must meet the following requirements:

- 3.2.1. Maximum Height of Planters: Planters may not exceed a height of thirty-six (36) inches above the level of the sidewalk. Maximum height applies only to planters, not the plants contained therein.
- 3.2.2. Maximum Height of Plants: Plants, whether live or artificial, may not exceed a height of eight (8) feet above the level of the sidewalk.
- 3.2.3. Planted Material: All planters must have plants contained within them. If the plants within a planter die, the plants must be replaced or the planter removed from the public right-of-way. Empty planters or planters with only bare dirt, mulch, straw, woodchips or similar material are not permitted.
- 3.3. Furniture and Fixtures. The viability of the Permitted Districts depends on maintaining an attractive atmosphere. Outdoor dining furniture becomes a prominent part of the streetscape when used in the front of buildings, and such furniture needs to uphold the standards that have been created in the Permitted Districts. All furniture and fixtures must be maintained in good visual appearance, without visible fading, dents, tears, rust, corrosion, or chipped or peeling paint. All furniture and fixtures must be maintained in a clean condition at all times. All furniture and fixtures must be durable and of sufficiently sturdy construction as not to blow over with normal winds. To ensure a quality visual appearance in keeping with the context of the Permitted Districts, the conditions of the following pages apply to furniture and fixtures:
 - 3.3.1 Types of Furniture.
 - 3.3.1.1 Prohibited Furniture: All furniture, other than tables, chairs, and umbrellas, is prohibited. This includes, but is not limited to, serving stations, bar counters, shelves, racks, sofas, televisions, trash receptacles, heaters and torches.
 - 3.3.1.2 Freestanding Furniture: Furniture and fixtures must not be secured to trees, lampposts, street signs, hydrants, or any other street infrastructure by means of ropes, chains or any other such devices, whether during restaurant operating hours or at times when the restaurant is closed.
 - 3.3.2 Tables. Tables need to be functional not only for patrons, but also for pedestrians, given the limited public sidewalk space available for outdoor dining in the Permitted Districts. Outdoor dining furniture must also contribute to the overall atmosphere of the Permitted Districts and be complementary in both appearance and quality.

- 3.3.2.1 Color: Tables may be colored or of a natural unpainted material (i.e., wood, metal, etc.). Tables are not permitted to be white plastic or of any fluorescent or other strikingly bright or vivid color.
- 3.3.3 Chairs. Chairs, like other outdoor dining elements, must contribute to the overall atmosphere of the Permitted Districts and must be complementary in both appearance and quality.
- 3.3.3.1 Color: Chairs may be colored or of a natural unpainted material (i.e., wood, metal, etc.). Chairs are not permitted to be white plastic or of any fluorescent or other strikingly bright or vivid color.
- 3.3.3.2 Upholstery: Upholstered chairs are permitted. Upholstery is not permitted to be of any fluorescent or other strikingly bright or vivid color.
- 3.3.3.3 Matching: All chairs used within a particular establishment's outdoor seating area must match each other by being of visually similar design, construction and color.
- 3.3.4 Umbrellas. Umbrellas can add a welcoming feel to outdoor dining areas and provide shelter from the elements, making their use desirable for outdoor dining applications. Appropriately designed and sized umbrellas are permitted for use under this outdoor dining program. Umbrellas must be free of advertisements and contained within the outdoor dining area, and the lowest dimension of an extended umbrella must be at least seven (7) feet above the sidewalk surface. All umbrellas must comply with the following conditions:
- 3.3.4.1 Contained within the Outdoor Seating Area: To ensure effective pedestrian flow, all parts of any umbrella (including the fabric and supporting ribs) must be contained entirely within the outdoor seating area.
- 3.3.4.2 Minimum Height for Sidewalk Clearance: When extended, the umbrella must measure at least seven (7) feet above the surface of the outdoor dining area in order to provide adequate circulation space below. This measurement must include not only the umbrella frame and panels, but also any decorative borders such as fringes, tassels, or other such ornamentation.

- 3.3.4.3 Colors: Umbrellas must blend appropriately with the surrounding built environment. Therefore, umbrella fabric is not permitted to be of any fluorescent or other strikingly bright or vivid color. Umbrella covers must be of one solid color.
- 3.3.4.4 Material: Umbrella fabric must be of a material suitable for outdoor use, and must be canvas-type. No plastic fabrics, plastic/vinyl-laminated fabrics, or any type of rigid materials are permitted for use as umbrellas within an outdoor seating area.
- 3.3.4.5 Signage or Wording Prohibited: Umbrellas may only contain signage of the restaurant's name and/or logo.
- 3.4. Sidewalk Coverings. The floor of outdoor seating areas should be uncovered sidewalk material as to provide continuity with the adjacent public right-of-way. Floor coverings or raised platforms may not be used within outdoor dining areas.
- 3.5. Circulation Room. As established in the Encroachment for Outdoor Dining on Public Sidewalks section of the City of Henderson Code of Ordinances (Chapter 20, section 20-9), all outdoor dining areas must leave at least four (4) feet of unobstructed pedestrian space. This four (4) foot pedestrian space must be clear of obstructions caused by trees, tree wells, posts, hydrants, or any other infrastructure. In addition, no part of an outdoor dining area (including plants) may extend into the four (4) foot unobstructed area. Adequate space must be provided within the outdoor dining area to permit movement of patrons and wait staff. Wait staff may not serve patrons from beyond the outdoor dining area.
- 3.6. Signage. Signage is permitted within outdoor dining areas only with a valid sign permit. No extra or additional signage is permitted solely as a result of participation in this outdoor dining program. . For further information on signage regulations, please refer to the Zoning Ordinance, Appendix A, Article X of the City of Henderson Code of Ordinances, or contact the City Code Department at 270-831-1277.
- 3.7. Setback from Other Businesses. Restaurants need to be mindful of adjoining businesses when using outdoor dining areas, making sure that neighboring businesses remain visible to pedestrians and motorists. A restaurant may be required to adjust the outdoor seating area's layout, dimensions or distance from the property line (two (2) feet or more) to ensure that this visibility is maintained.
- 3.8. Time. Sunday through Thursday – 7:00 AM to 10:00 PM; Friday and Saturday – 7:00 AM to 11:00 PM. Months of operation are from April 1st through October 31st.

- 3.9. Noise. At no time shall excessive noise generated by patrons or any music originating from any part of the outdoor dining area create a nuisance.
- 3.10. Dancing. Dancing shall not be permitted or allowed within the outdoor dining areas.
- 3.11. Assignment or Transfer. The right-of-way encroachment permit cannot be assigned or transferred without the prior written consent of the City Manager.
- 3.12. Semi-annual Inspection of Sidewalks. The right-of-way encroachment permit holder is required to perform semi-annual inspections of the permitted area. The timeframe for inspections are April and September of each year. A copy of this report shall be forwarded to the City Manager at the Henderson Municipal Center, PO Box 716, Henderson, KY 42419-0716. The purpose of this report is to validate the condition of the sidewalk and that the life safety aspects of the building are being maintained.

Section 4: Outdoor Dining/Alcoholic Beverages

- 4.1 Purpose. The sale of alcoholic beverages “by the drink” shall be permitted only on those premises licensed as business liquor by the drink restaurant, tavern, or dining facility for the sale of alcohol.
- 4.2. Any food establishment which operates a restaurant and is licensed under this chapter and the provisions of the Commonwealth of Kentucky Alcoholic Beverage Control code may, upon application to the local Alcoholic Beverage Control Administrator, request permission to expand the operation of that restaurant onto, and only that part of the permitted encroachment for outdoor dining. Licensees who do not serve food shall not be eligible to apply.
- 4.3. The local Alcoholic Beverage Control Administrator may issue the permit if found to comply with the following:
 - 4.3.1. Applicant is licensed under the Alcoholic Beverage Control code for the Commonwealth of Kentucky.
 - 4.3.2. Applicant is in compliance with all conditions and restrictions of said license.
 - 4.3.3. Applicant has all necessary permit approvals for outdoor dining.
 - 4.3.4. Applicant meets alcoholic insurance requirements.
 - 4.3.5. No disposable cups or drinking vessels may be used and the licensee shall not permit any alcoholic beverages to be taken off premises by patrons, customers or guests.
